ABOUT US

We, Valluvanad Constructions is one among the leading builders in Kerala, offering a host of services including, Design and construction, Project Management, Renovation, Interiors and landscaping of Independent houses, Resorts and Commercial spaces. Valluvanad Constructions was founded by Mr. Mohan Warriar in the year 1988. With over 30 years of service and experience, we have built a niche in the market of construction with an impressive clientele throughout the region. We always lay emphasis on Quality of work by seeking necessary professional guidance from our own in-house Architects and Structural engineers at every phase of the construction. A well thought of strategy is employed based on the Site conditions, Requirements of Client and Timeframe for completion of the project.

OUR VISION & MISSION

- Environmentally friendly Buildings
 - Vernacular Architecture
- Traditional cost effective principles

Valluvanad Constructions is indulged in a mission, “to regain the past glory of Kerala’s architectural brilliance by exploring our traditional roots”.

OUR CHAIRMAN

Valluvanad Constructions was founded in the year 1988 by Mr. Mohan Warriar.

With his proficient knowledge in Kerala's architecture and Vasthu Vidya (learned under the guidance of renowned scholar Late Kanipayur Krishnan Namboodiripad), he set a revolution in the industry by introducing a new concept of "Modern Nalukettu Houses", sustainable in all climatic conditions. He is one of the directors of GIA (Global Institute of Architecture), at Pathripala, Palghat.

Mohan Warriar
